The Oven Cabinets are manufactured in two widths only, 24" wide and 27" wide. The height is 81" and the depth is 24 $\frac{3}{4}$ " measured from the back of the cabinet to the face of the doors. The basic Oven Cabinet consists of a complete body, shelves, upper pair of doors, and hardware only, K.D., carton packed. The Oven Accessory consists of an oven frame, pair of lower doors, or a single drawer as required, and hardware. The accessory is carton packed showing the name of the oven manufacturer and the size of the basic oven cabinet which it fits. The openings in the oven frames are sized according to the oven manufacturer's specification. There are oven frames designed to fit the standard name brands on the market today. Be sure to select the correct width of Oven Cabinet to take the oven accessory required — also consult the following pages for a complete manufacturers listing of "Built-In" oven accessory units.
